

SITE PURCHASED FOR MARKET SITE

E. B. and W. H. Voyles Buy a Location in Franklin Avenue—To Build Soon.

The building movement has invaded the confines of Franklin avenue, which for years has been the stronghold of Salt Lake's colored population, and which has been marked by numerous crimes. Another move toward a "Greater Salt Lake" was made yesterday when E. B. Voyles sold to E. B. and W. H. Voyles, through the Peterson Brothers company, 24x132 feet at the corner of Franklin avenue and Second South street for \$20,750. The new owners will build a large retail meat store on the ground. At the present time the property is occupied by a Chinese laundry. The new building plans have been decided on, this will be razed and a modern structure will occupy the site. The location faces north and west, and is considered an excellent site for the proposed building. The new owners are the proprietors of the State street market, and their greatly increased business has made it imperative that they have larger quarters. They were not prepared to say last night just how soon construction would begin, but it is understood that it will be in the near future.

LOCAL ARCHITECT IS BUSY

G. W. Eldredge Makes Plans for Houses in City and Buildings in Pingree, Idaho.

Architect George W. Eldredge has just completed plans for buildings aggregating many thousands of dollars. Work will soon be commenced on four houses for the Courtney Investment company on Second West street, near Seventh South street, at an estimated cost of \$18,000. Two of the houses will be of the double-house style and two will contain four apartments each. Among the plans completed are those for a \$15,000 hotel and a large store building at Pingree, Ida. The latter will

have a frontage of 124 feet and will be 62 feet deep. A unique feature in its construction will be immense arches in front made of the native lava rock, which covers the country for miles around. The Burley Amusement company of Burley, Ida., will soon commence the erection of a large store building from plans drawn by Mr. Eldredge. This building will be 52x110 feet. The theatre and dance hall will be located in the second story of the building and stores will occupy the ground floor.

MANY CASES CLEANED UP

Substitute Police Judge Makes Quick Work of Long-Continued Complaints—More Today.

In the absence of Judge J. M. Bowman of the police court from the city on a vacation, Judge J. J. Whitaker occupied the bench in the police court yesterday morning. Margaret L. Langanis and Pauline Noble, charged with vagrancy, pleaded guilty to the charge and were given until Monday morning to pack their grip and leave town. The police state that the two women are undesirable characters in the city. The long-continued cases, which have filled the police docket for the last several months, were quickly disposed of. Most of the cases were dismissed on recommendation of Assistant City Attorney E. A. Rogers. Cases not dismissed will be brought up for hearing today.

RECOVERS SOME MONEY FROM BANKRUPT ESTATE

Through a decision by Judge C. W. Morse in the district court yesterday Mrs. Alice Bubes, trustee of the bankrupt estate of Harry W. Earl, recovered \$65.60, which includes interest of the \$79.34 given to T. J. Davis by Earl a short time before he was declared bankrupt in the United States district court here. It was held that the transfer except \$12, was not made in good faith by Earl, and that Davis was receiving a larger percentage than other creditors. Earl was adjudged bankrupt on Nov. 2, 1907, with debts amounting to \$239.35 and no assets.

MAN'S SKELETON DISCOVERED

Workmen Exhume Bones of Human Body in City Creek Bed.

A skeleton of a human being, the bones all intact and excellently preserved, has been dug from the bed of City creek, on North Temple, between Ninth and Tenth West streets, by workmen in the employ of the Davis & Schramm contracting company. The bones were all thrown away, with the exception of the skull, which was taken by J. Houk, foreman of the work, living at 53 North State street.

The water has been turned from the bed of City creek and workmen are engaged in preparing the bed for the new aqueduct which will carry the City creek water to the Jordan river. While H. Williams was hitting the plover handles to make the first furrow, the skeleton was struck. The leg bones were the first to be taken up. After carefully digging in the bed of the stream the workmen succeeded in exhuming the remainder of the bones. All were perfectly preserved. The head bones no signs of foul play, and from the slight examination given to the remaining bones, there was no evidence of the owner having met with foul play.

Friday afternoon one of the leg bones was taken to Dr. T. B. Beatty of the state board of health. The doctor stated that since the bones had been in contact with moisture it could not be definitely determined the length of time they had been buried. The doctor stated, however, that from the fact that the bones were found lying so close to the surface of the earth, and in the bed of an artificial waterway, it was more than likely that they had been illegally buried. The bones are probably those of a white man, as the leg bones are extra large and the cheek bones not prominent.

PAROLED PRISONER ANNOYS HIS WIFE

A. S. Highman, a paroled prisoner from the state penitentiary, who was sentenced to the state prison for a term of three years for forgery, was taken to the city jail yesterday morning and charged with disturbing the peace.

The divorced wife of Highman states that since he was released from the prison he has made several visits to her home and each time has tried to raise trouble. When taken before Judge J. J. Whitaker he pleaded guilty to the charge and was released on \$25 bail. Assistant City Attorney E. A. Rogers stated yesterday afternoon that Highman may be returned to the state prison to complete his term of imprisonment.

HUSBAND REPLIES TO WIFE'S ANSWER IN SUIT

Harry Pitts has filed a reply to his wife's answer and counter charges in his divorce suit in the district court. He says he did come home slightly intoxicated on June 15 last, and accused his wife of being untrue to him, but that he never beat her. He also admits that when his wife told him she had been to see her sister, that he accused her of lying and said she had been to see a certain man, not named in the complaint, with whom she had been intimate. Pitts says he did not accuse his wife of intimacy with three men, but with only one man.

INCORPORATIONS.

The Indian Creek Cattle company of Moab filed amended articles of incorporation with the secretary of state yesterday, increasing the capital stock from \$100,000 to \$200,000, in shares of \$100 each. D. L. Goudelock is president of the company and William Keller secretary.

The Jordan State bank filed amended articles with the county clerk yesterday, increasing the capital stock from \$84,000 to \$150,000. This action was indorsed at a meeting held at Riverton, July 26 last.

Articles of incorporation of the Mosaic Fruit Land company of Salt Lake were filed with the county clerk yesterday. The capital stock is \$250,000, in shares of \$10 each. Denver capital is back of the scheme. The officers and stockholders are all of Denver, with the exception of E. A. Wedgwood of Salt Lake, who holds one share. The officers are: L. B. Curtis, president; C. A. Lawson, vice president and treasurer; F. D. Parker, secretary. These, with H. C. Allen and E. A. Wedgwood, form the directorate. C. A. Lawson and H. C. Allen, both of Denver, hold all but three shares in the company. Fruit land in Utah and 1,125 shares of the capital stock of the Mosaic Irrigation company are taken in full payment for the capital stock.

FIRST TRAIN IN OVER D. & R. G.

Pullmans Arrive—Conditions Are Now Relieved—Washouts Repaired.

The first passengers from Denver to arrive over the Denver & Rio Grande for two days were brought in at 4 o'clock yesterday afternoon, and another Denver & Rio Grande train, detoured over the Union Pacific, arrived at about the same time. Word was received last night at the local offices to the effect that the last of the washouts in the Royal Gorge had been repaired, and it is expected that all trains will go through on schedule time today.

The railroad situation was further relieved by the arrival of some thirty Pullmans from all directions, and these were available in helping to relieve the demand for berths eastbound from Salt Lake. The arrivals yesterday over the Denver & Rio Grande had been sent along the narrow gauge line by way of Alamosa, and those who were in for pleasure and sightseeing rather than speed were enthusiastic over the trip. Only one Denver & Rio Grande train was detoured over the Union Pacific tracks.

The washouts on the Sanpete valley branch of the Denver & Rio Grande were finally repaired last night. This work was slow on account of the nature of the soil being such that nothing could be done until the flood waters had drained off.

CAREY ACT SEGREGATION PROPOSED IN UTAH

Application has been filed in the United States land office for the segregation of 4,350 acres of land north and west of Woodside, in Emery county, under the Carey act. It is the fourth of its kind made in Utah. The applicant is Warren Stives, who has a reservoir site in which he proposes to impound the flood waters of Price river and distribute them over the bench lands. An application must be ratified by the officers of the department of the interior before the grant is made.

RICH RED BLOOD

Means Rosy Cheeks, Clear Complexion, Bright Eyes and Plenty of Energy.

What does rich, red blood mean? It means brains, vitality, ambition, hopefulness, persistency, and everything worth living for.

But you can't have rich, red blood, if your digestion is imperfect; and your digestion is certainly imperfect if you have sour stomach, bad taste in mouth, lump of food after eating, belching of gas and nervous unrest. So far-reaching is the effect of indigestion, that many times the eyesight is affected.

If you have indigestion or any symptom of stomach distress or acidity, F. C. Schramm will sell you a mighty remedy for 50 cents, and guarantee it to cure or money back.

The remedy is called Mi-o-na. Its powerful, reconstructive action on the stomach is little short of marvelous. It tones up, strengthens and puts new life and energy into the worn-out stomach in a few days. It cures by removing the cause. If you are a sufferer, try a large 50-cent box, at a small price to pay for banishing indigestion.

Mi-o-na is sold by F. C. Schramm in Salt Lake City for 50 cents a box.
